OUTDOOR ACTIVITIES

Having activities for newcomers outside of camp gives them the opportunity to better integrate with the local population and that is exactly what our partner SECOND TREE is doing in Greece

Having outdoor activities isn't all about the fun in it but it also allows us especially younger children to develop self-confidence and self-esteem. SECOND TREE gave that opportunity to some migrant kids in Greece

On most weekends, we host a RaCIP sports day! This is a time when Second Tree's participants of RaCIP can come together and stretch their legs in some friendly football matches

DO EXERCISE

Teams are composed of a mixture of backgrounds and ages and provide an environment of healthy competition and laughs. On the side lines, non-football enthusiasts play volleyball, cards, or chat over some warm chai.
